

SOTOGRANDE
HOTEL

OUR HOTEL

Sotogrande Hotel offers you both the wealth of natural wonders within a thriving metropolis and the priceless convenience of luxurious living.

The name Sotogrande is derived from two Spanish words: “Soto” means riverside grove or thicket and “Grande” means luxurious and majestic.

OUR HOTEL

Sotogrande Hotel Baguio is an eight-story property with 188 rooms on Leonard Wood Road located outside Camp John Hay. The hotel's interior was inspired by the diverse arts and culture of Baguio City (Cordillera Region) and a touch of Spanish Culture.

OUR HOTEL

Incorporating the art of weaving, wood carving, and endless inspiration, we designed the hotel as a fusion of these characteristics in line with the brand of Sotogrande. This results in an inviting, warm, and welcoming space for the guest staying in the hotel proper.

The hotel is the newest property of Sta. Lucia Land Inc. that will rise at the Summer Capital of the Philippines in addition to the company's growing hotel portfolio.

Managed by Enderun Hotels, which is a hospitality management solutions provider in the Philippines that primarily engages with local independent hotels and restaurant owners.
